What is the function of these structures?

Are these structures composed of Parenchyma, Sclerenchyma, or Collenchyma tissues?

Are they dead or live at maturity?

1. Epidermis
2. Cuticle
3. Cortex
4. Hair (Trichome)
5. Vascular Bundle
   a. Phloem
   b. Vascular Cambium
   c. Xylem
6. Ray
7. Pith
